IT-CNP Inc.

Full-Service Cloud and Hosting Provider
All Inclusive From A Maryland Vendor.

Discover How We Lead Cloud Innovation for Maryland Agencies

With IT-CNP on your side, complicated cloud hosting and data security concepts are in the past. IT-CNP is a fully-managed, FISMA-compliant and Maryland DOIT approved cloud hosting provider that serves Maryland state agencies. We are the only local cloud provider accredited to host Maryland and Federal Government's most sensitive data. Our secure cloud infrastructure, tools and processes eliminate confusion surrounding security compliance requirements, while placing the cloud data security implementation and monitoring cycle on the fast track.
